

FINAL EXAMINATION SCHEDULE

Final examination times for all day and evening lecture classes are shown on this chart. Please note that these schedules do not apply to activity or laboratory classes.

Students who find that two of their examinations coincide or that three of their examinations occur on the same day, have the responsibility to request to schedule with the professor of one of the courses a mutually convenient time for the final examination. The instructor retains the authority to permit the change of time for an examination. Finals for classes not covered by these charts may be scheduled through the Office of Academic Programs.
